### Document Body

Thanks for re-sending. When was the file sent originally? I only had the data from Oct., unless it was sent by someone other than you.

All,

The conference call will be held on Monday, January 28th at 10am PST.

I

have attached the preliminary Radon sampling data that is going  
through  
final QC review, for discussion purposes. Marcie Rash will provide the  
call in number in a subsequent email.

Thank you,  
Charles

Everybody:

If possible can we make the call 10:00 or 10:30 PST. I have a morning appointment (10:30) EST and a dentist appointment 4:30 EST on 1/28/08.

Thanks

We can have someone participate monday @ 11am, but I would want to make

sure that Geomatrix could participate.

Charles,  
Monday 1/28/08 from 11am to 12pm will work for DTSC. Before  
finalizing,  
we would like to make sure that representatives from the City of San  
Francisco as well as from the John Stewart Company will be able to  
attend at that time. Please let us know as soon as possible.

Thank you all.  
Ryan Miya

Ryan,

The TI Navy team will be out of the office on Friday, so we'll need to  
move the call to 11am to 12pm on Monday if that works for you.

Christine/Gary, If possible, I think it would be good to have your  
radiological experts on the call as well.

To help refresh our memories and provide information for those not at  
the November BCT meeting, when we discussed the radiological risk  
assessment and residential re-occupancy, I've attached the draft  
meeting  
minutes.

Thank you,  
Charles Perry, PE

Subject: Conference call to discuss NSTI Site 12

Hello,  
DTSC has been consulting with the California Department of Public  
Health  
(CDPH) concerning radiological issues related to residential  
re-occupancy and transfer of Naval Station Treasure Island (NSTI) Site  
12. We would like to convey the State of California's thoughts  
regarding these matters with you as soon as possible.

I propose that we convene for a conference call for this on Friday  
January 25 from 11am to 12pm. Please let me know if this is amenable  
to  
your schedules. Jim S., could you please setup a conference call  
number  
that we can all call into once we have settled on a time? That would  
be  
greatly appreciated.

I have attached two e-mails received from CDPH for your information  
and  
review prior to the call. CDPH response is presented first followed by  
my initial e-mail beneath that (chronologically presented from the

bottom up).

Thank you for your immediate attention to this matter.

Sincerely,  
Ryan Miya
